### CHB NEWS FLASH

#### CHB Welcomes Health Specialists from Chennai, India

It has been a common practice for the Central Health Board (CHB), to invite specialists and consultants from different parts of the world, thereby our community members from the Constituent Jamaats under Africa Federation benefit from these visits.

Under normal circumstances, it is very rare to have such opportunities at our doorsteps. Other communities are not as lucky as we are to have such great opportunities for consultations, health checkups etc. with renowned specialists.

Form the recent Health Screening Programs, the results shows increase number of heart related diseases in our community. Similarly, we have handled several serious cases of heart patients who required interventions due to advanced stage of heart complications.

Keeping in line with the above, CHB is pleased to announce the arrival to Kenya and Tanzania of Dr. K. Latchumanadhas, Interventional Cardiologist & Dr. S. Rajan, Thoracic Surgeon from Chennai, India. Both doctors are currently head of cardiac and surgery departments at the prestigious Institute of Cardio-Vascular Diseases - Madras Medical Mission (MMM) in Chennai. For several years now, many of our heart patients have been referred to MMM.

Over a period of two and a half weeks, the doctors will tour Nairobi, Mombasa, Dar-es-Salaam, Moshi and Arusha.

During their visits, the doctors will conduct Cardiac Camps for the benefit of our community members, as well as members residing in nearby regions. A series of health awareness lectures in Arusha & Dar-es-Salaam has also been arranged.
