

Bibi Fatema (AS) Workshop

For four days last week, the children of HIC left their cozy beds bright and early during their Summer break to get together and learn about the most amazing lady- Bibi Fatema (AS). Each day we began with our assembly in which we read our anthem, Sura Kawther and discussed a little about Bibi Fatema (AS)'s life. Children then broke up into age grouped classes and learned about Hadith se Kisa- The Story of the Cloak in English for the little ones and in English and Arabic for the older ones. They worked hard and after 3 days most of all the children knew the Story of the Cloak and its significance by heart. They also had some fun creating different crafts relating to Hadith se Kisa and for honoring their mothers. Some classes were lucky enough to learn how to crochet. We ended our workshop with a small celebration in honor of the birth of Bibi Fatema (AS). We played games on the Life of Bibi Fatema (AS), ate cake, and each family was gifted a game on the life of Bibi Fatema (AS).

The Workshop Team would like to thank all our children who attended for their superb behavior and enthusiasm. A special thanks to our wonderful, most dedicated, workshop teachers whom without our workshops are nothing and to the parents who day in and out brought their children. We would also like to the thank MC of HIC for the endless support!
